## Wireframe y mockup para el login/inicio de sesión

### WIREFRAME:

A wireframe of a login page. At the top, there is a horizontal navigation bar with a placeholder for a logo on the left and a user profile icon with a text input field on the right. Below this, the main content area has a light gray background. In the center, there is a large, faint watermark of a smartphone. Overlaid on this are three input fields: a top one with a user icon, a middle one with a lock icon, and a smaller bottom one. At the bottom right of the main area, there are three small square placeholders for social media links.
